**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We are happy Sonic.net customers. When we moved here, we chose Sonic because they offer a superior service and experience compared to the cable companies.

Two years ago, Sonic put fiber cable in our small Sonoma County neighborhood. We switched to fiber as soon as it was available, and have been very happy with the service. It is affordable, and it works well. Sonic's broadband service is critical to us because we both work from home.

We want to be sure our neighbors have the freedom to choose between different providers. Access to the UNE infrastructure allows Sonic to reach more consumers (giving those consumers the freedom to choose between providers), and allows Sonic to keep its plans affordable.
